

# **invisalign**<sup>®</sup>

## Learn to Smile Again!

In order to offer more beautiful smiles, we arranged a special month for our patients who decided to start their Invisalign treatment during August 2009

Where:

White Pearl Dentistry -  
203 South Zeeb Road, suite 201  
Ann Arbor, MI 48103

**Brace yourself ....with INVISALIGN**

**Poorly aligned teeth can:**

- Negatively affect appearance & self-esteem
- Cause tension, pain and headache
- Increase tooth decay, gum disease and affect chewing and speech

**Why Invisalign?**

- Aligners are comfortable & removable so daily brushing and flossing are not affected & you can still eat anything without the metal mouth
- Aligning the teeth decreases risk of trauma and abnormal teeth wear
- The result: a beautiful confident smile
